“ *A memory, Betty was very proud of her grandchildren, Jonathan Stowers grandson and granddaughter Amber Stowers and one great grandson Brycen. This is her family also and we visited our grandmother often. Others may not know it but we were there for her. Now she is gone we have lost our grandmother and there is no more family on that side. Our grandmother knows and not listing us as family you should be ashamed. Betty my grandmother will look down on this. But we will see her again one day but for you Mark suppose to be our father you are dead to us and the rest of the family for your actions. Never contact us your children again because you no longer have none. Especially when you pretend you have no children. Your loss and the families loss. We have our mother whom is mother and father to us. That's all we need.*

*I knew your grandmother and she was proud of her 3 grandchildren and she always said she had one beautiful granddaughter and also she had a great grandson that she was proud of. Loved to meet you all at the Dairy Queen in Bluefield. I saw the obituary and was amazed that family would not put in all grandchildren. Betty was my friend for many years, we would sing in the choir together for years. I know she would not have been happy with what was wrote in the obituary. I will pray for the Stowers Grandchildren.  
And Great Grandson*
