“ *Kim, I am so sorry to learn of your mother's passing and I wish you and your family peace and God's kindness in the months ahead. I don't know if you remember we worked together for Phillip Morris a few years ago. I will keep you and your family in my thoughts and prayers and hope that your grief is brief. In Christ's love Martha*

“ Kim and Chinkie, I am deeply sorry for the loss of your wonderful mother. She was a very warm and loving person who had a huge heart of gold. My childhood memories are flooded with thoughts of her. We used to put a stack of 45's on the record player and dance until we collapsed. On hot summer days we would dig up all the loose change we could find, cram into the VW bug, and head to the Dairy Queen. Late summer evenings, we would sit on mom's front porch and tell ghost stories until we couldn't take the mosquitos anymore. She really loved a good scary story. There was always time to share a cup of coffee and a piece of cake. When I was 11 she pierced my ears with two blocks of ice and a sterilized needle. (Mom about had a cow and layed a few eggs.) She taught me how to wear make-up and made sure I was hired on my first job (Leggett's). Your mother was a very classy lady that I will always remember. No one had quite her sense of style. She had a quick temper but could switch just as easily to quick laughter. I will never forget the day she saw a motorcycle going up the road by itself. Little did she know her son was hanging on the opposite side. Woah was she mad but then she burst into laughter. But most imporantly I will always love her for being there when my mom needed her most. I will always cherish my memories of her. Love, Twila
