“ *My beautiful sister Susie she was amazing she had a stubborn streak But on the other hand she loved you with everything in her. All the years that I would leave on a Friday afternoon coming to West Virginia to spend the weekend with you, playing cards Uno. listening to everybody laughing Getting up in the morning to you making breakfast and Oh my God those West Virginia pancakes. WHO can ever forget them, wasn't anything but flour and butter and water in them (Little Man) Glenn and Bobby my husband that's all they thought about when we were coming up to your house and the big old biscuits that you would make and gravy. When we get ready to leave they would put them in their pockets and bring home one home. You are truly going to be missed. WITH all my heart I LOVE YOU*
