“ *My oldest sister was very special to me she taught me alot of things in life and sometimes I didn't understand so I think she just thought of me as a little sister that was a dingy blonde and we would always laugh about it... I remember she took up for me when I was young and wish I could have done the same for her.. in the end I know she loved me and I know she knew I loved her even though sometimes we didn't get along as siblings do.. so rest in peace Debbie you are one of God's angels like all the rest of the family is and dad and I will be there when it is our time... we love you and miss you and we will meet in heaven..*
