“ I am so very sorry to hear of Don's passing. I have known Don for more than 30 years. He was my friend, a great teacher, and a very good man. While working for COGS/MU, Don's Bluefield State College office was located along with his secretary, Eleanor Shaffrey, next to the BSC Division of Nursing offices where my wife, Betty, was Chair and Director. The area was partitioned by paneling and open at the top in those days. Don and Eleanor were both loud, outgoing folks who shouted back and forth to one another. When I came by, he would invite me into his office and regale me with BSC stories from his days as VP Academic Affairs at BSC in the '70s. Later in life after his retirement, we would often meet at McDonald's and talk about BSC, the City, state higher education politics, etc. It was always a pleasure to see Don, to experience his humor, and his viewpoint on life's vicissitudes. He shared with me many teaching materials which I used in teaching graduate classes for MU in McDowell Cty. What a fine man. BTW, his major doctoral area was instructional technology, which was one also. I have some of his historical texts in my personal library. He called me over at retirement when we donated many books to the BSC library. What a wonderful man. I will sorely miss him.
