“ *Remembered some of the times from school and she had a good nature about her. Enjoyed talking to her whenever I saw her in passing and am sorry to hear of what has happened. She made a big impact on others by her friendliness. A lady and a school acquaintance who will be missed.*

“ Gina, I know your Mother made an impact on this earth because YOU came from her! May you and your family feel the tangible presence and peace of our Almighty God during the times that you miss her the most! He is the God of All comfort and He is sooo faithful! He is there! Although the days ahead may be challenging because you will miss her earthly presence, find strength in God and in knowing, she is now in the presence of Love, Himself, and is living her best life ever! I light a red candle for the blood of Jesus that guaranteed eternal rest for those of us who accepted Him and for your Mom being in the presence of God's love! Know that others are thinking about and praying for you and yours!

I know that you will join the great could of witnesses that will be cheering us onto the fullness of Christ. Separate for now, but together in eternity. Love you Louis.

“ *Louise always had a smile and kind word for everyone she saw. Even when she was sick and in the ST she had time to stop and talk with an old friend who hadn't seen her in years and to let them know that she would be praying for them. She has had her graduation day and is visiting with her savior and those that have gone before. Our thoughts and prayers are with the family in their time of bereavement. The Sizemore Family*

*Gina, Shane & Kristen, I first worked with your mom when she was hired in the registration department at BRMC, many years ago. She was always fun to work with, had a smile and a kind word for everyone. I got to work with her a few years later in the BO for a couple of years and then again about a year ago on the physician side. I know there is nothing we can say about to ease your pain, but please know that so many of us share that pain with you. Prayers for you all.*
