“ I am so sorry to hear about George. I just found out. I wish I would have known George was sick. I think of him often. George was such a nice person. He was a great friend to me. I just wish we would have kept in touch more. I am so saddened by his departure. If there is anything I can do, please contact me. I'm on facebook as well. Brenda, my heart goes out to you.

“ My heart goes out to all of you at this time of grief, and I pray God blesses you with comfort and a lifetime full of great memories that makes you smile when you think of George. George was a very special person and I have very fond memories of him, Sally and all of you. He will be greatly missed by a multitude of people. Take solace in knowing that he is not suffering anymore because he has an amazing Father God, who took all the hurt away and holds him in the palm of his hand, and one day you will be able to see him, and all of your family, in that Great Meeting Place in the sky. It has been a great blessing to have known you all. My thoughts and prayers are with you.
