“ I worked with Glenn in Salem. Where we first met. We became good friends at work and outside of work. Went to some VT football games. Went on a few golf trips that were memorable too. Remember playing softball together too. I know he loved his wife and family. Made it there their wedding to see them get married. We didn’t get to stay in touch as much. But I sure did think of him a lot. Lots of memories to always remind me of things we had done. Rip my friend.

With Glenn and I, we always kept it 100% real, so that is what I'm doing today. I send a special prayer to his wife Melissa that's she receives the comfort and healing that she needs over the next many days and months. Also for her son's, his father and many other relatives. I would like to say thank you to Glenn for always being a great friend with so laughs every time we got together. You will be missed Buddy. I'm so glad there is no more suffering for you. Until we meet again Brother!
