“ I just discovered this by accident and was shocked. Mark was a good friend of mine throughout our HS years at Bluefield HS. We graduated together in '76' and played ball together there (#83). It is such a shame to discover his death at such an early age. I, unfortunately, lost track of him when I went off to college but now wished I had kept in touch. It is a true testimony to not put off to tomorrow what you can do today.
