“ To David & Becky, Tammy, grandchildren and extended family. I just found out about your Mom. Even though I didn't know her very well, I do remember her fondly and have thought about her over the wondering how she is.

She was such a very special lady. She loved her children and grandchildren dearly and I know they loved her so much too. I understand how it is to use such a special member of your family and just wanted to let you know I'm hear if you need anything. Everyone is in my thoughts and prayers.

My sincere condolences and love,
