“ Dear Joe and family,

John was one of the first friends I made when I moved here from CA. We each had a passion for cars and enjoyed working on them at L & R garage. We also had classes together at BSC. Later we continued working on motors at his garage late into the night . John was a great machinist and friend. He will greatly be missed by many who knew him. My deepest sympathy to his family.

“ *I really hated to hear about John . John was a talented guy that had many skills and one of the few guys that I've known that I truly believe was more hard headed and opinionated than I am. We had many spirited conversations. We got in a helluva argument when he had the heart attack because he wouldn't let me take him to the ER. He was a good guy and will be missed by many. My condolences Steven Harry.*

“ My condolences to the family of John. Have known him for over 20+ years and whenever our paths crossed we would always get on the subject of machinists for autos. John helped me with one of my vehicles and knew if he needed help then all he had to do was ask. He was a proud person. R.I.P. John Hart.....your memory remains the same.
