“ In Memory of my Dear And True FRIEND. Danny was such a good friend and was always there when I needed him. He always had a Great Big Smile and The HEART of ANGEL. We had great times together and were inseparable. When we were at the Beach he was the Happiest. Danny is like a brother to me and I will miss him terribly. Danny was always working on something and could figure out just about anything when he set his mind to it. I will tell a story about Danny. We were @ the Beach on Labor Day Weekend around 1990 and we camped out @ the state park and he had a air mattress we did not have a compressor to fill it up so Danny said we could fill it up with the exhaust from his car. So we did and I was scared to even go to sleep that night thinking we would be GASED. The next morning it was raining and I told Danny I would pay for a room because we needed to live another day. We used to go out on the town and we always looked out for one another. I feel like we have lost a great person who loved LIFE and always had a Great outlook on life. Nothing seemed to bother him and he would smile and go on. I am thankful that Danny was part of my life and that we were so close. Danny's family was always there for him and me. Doris would fix us meals and always make me feel like I was part of the family. Big Dan was the same. He would help Danny work on his cars or what ever he needed help with. I could tell more but there wouldn't be room for anyone else to talk. I want to thank God for his life here on earth and for our time together. I have learned from this Man and One thing is for certain. Danny will be missed by everyone. To MY Dear FRIEND. I Love you and will miss you. Keith Abel
