“ *Michael was very kind to me the first time I met him. We would talk about video games and movies, while coloring in a coloring book. I remember that when he found out I could play chess, we would keep in touch by playing virtual chess and talking about life. He was a genuine person full of heart and soul and cared deeply about his friends and family. I will always remember his laughter and the joy he would bring to a room. I'm so sorry to his family and I will keep everyone in my prayers.*
