“ *So sorry you have lost your precious loved one. Susan was a good person. We went through school together and worked together. So heartbreaking to leave this earth so soon but her Heavenly home was waiting. Prayers for all the family.*

“ *I have so many wonderful memories of my time spent with Susan. We used to watch Saturday morning movies at the Granada theater when we were preteens. Her dad Fred usually gave us a ride to Bluefield, but there were plenty of other uncles to provide that service whenever he was busy. I remember when he came to get us, he used to have to come in and walk the isles of the movies to find us because we were hiding from him. We didn't want to leave. I have always been touched by her kindness and generosity. She was one of the least selfish souls I have ever encountered, and there are few I have ever known who carried kindness around like she could be nothing else. My cousin and my childhood friend, the best times are indeed, timeless.*
